RECONNECTING THE MARITIME WORLD

HOŞGELDİNİZ WELCOME BACK TO EUROPORT ISTANBUL!

The Turkish maritime industry has a rich history and belongs to the world's prominent shipbuilding and shipping nations. Istanbul forms the epic maritime center with over 80 shipyards in nearby regions of Tuzla, Yalova and Izmit. These yards tend to be multi-purpose, often offering conversion, repair and maintenance as well as new building works.

In the past decades Europort has built a strong brand reputation in Türkiye. With Turkish shipbuilding becoming more prominent in the international maritime arena, now is the time to go back. 23-25 October 2024 Europort Istanbul sees its long awaited return to reconnect national and international shipping companies, shipbuilders, equipment & service suppliers. Don't miss out on this opportunity!

VISITOR PROFILE

As a gateway to Europe, Central Asia and the Middle East region, Europort Istanbul helps you to strengthen your business in these economically important regions. This is the place to meet ship owners, ship managers, charterers, ship brokers, shipyards, technical engineers, ship designers, naval architects, navy authorities, port managements, dredging contractors, surveyors, maritime associations, maritime universities, media and research institutes.
